The Lost Cousins website enables you to find other people who share the same ancestors - and it does this by comparing the information you enter about your relatives with the information that other members have entered. Basic membership is free. Just enter your ancestors and other relatives from the Canada 1881, British 1881 or US 1880 Census - then click the Search button!

This site offers a look into weather of the past. Did great-great grandpa really get caught in a blizzard? Were the floods described in great grandma's journals as bad as she thought? Not only can you check today's weather history, but if there were remarkable weather events happening in the past, it is recorded here.

**CrossRoads of America
FGS Conference**

The next Federation conference will be held at the Convention Center in Fort Wayne, Indiana August 15-18, 2007.

It's well worth your time and money!

For those who haven't been to a conference, you choose to attend the sessions (speakers) that interest you most. Generally there are two sessions in the morning and two in the afternoon. You're not obligated to attend any particular talk, but many times the conference personnel like to know which you might choose so they can arrange room size to meet demand. Another big hit will be the vendor room, where you can look over an array of books and supplies. Some booths have giveaways. There are way too many choices.

(If you're smart- you'll leave that checkbook at home.)

WMGS would like to encourage as many people attend as possible! Car pools can be arranged for those interested. The rooms near the hotel are more expensive than those 10 minutes or so away.

Red Room Inns is holding 10 rooms for us at \$44 per night. We can designate up to 4 people in that room for that quoted price.

Please contact me for more details.

Hope you can attend!
